DEBTOR

RE: Closed Business for Case

According to the Statement of Financial Affairs you provided us, **you were previously self employed**. Although you are apparently no longer in the business, additional information is required to identify whether it could have any possible impact on the Chapter 13 Bankruptcy proceedings. Examples of such impacts include undisclosed liabilities that could affect secured and unsecured creditors assets still held that could influence the liquidation analysis, etc.

A business questionnaire has been sent out to you attached to this letter and is due no later than **APRIL 26, 2024**. We ask for your assistance by filling out this information, which will help us determine whether this case is a potential business case. Please provide us with the Certificate of Dissolution for your prior business which is form BCS/CD-531 from the Michigan Department of Labor & Economic Growth Bureau of Commercial Services.

You can email your completed questionnaire and documents to Matthew@rodgersch13.com fax to 616-454-9798, or mail to 99 Monroe Ave Ste 601, Grand Rapids MI 49503. The sample of the business reports/forms is posted on our website at www.rodgersch13.com under "Business cases/Reporting" section. Please also provide a table of contents with any documents sent to our office. If you have any questions, feel free to contact Matt Parker at (616) 454-9638 ext. 125.

Best Regards,

Matt Parker
Business Case Analyst
